

## REPAIR & REMANUFACTURE SERVICES

**YOUR MACHINES ARE YOUR LIVELIHOOD.** When a part fails, you need to get it repaired or replaced with a quality product as quickly and affordably as possible. You have to trust that the part you put back in your system will work to manufacturer's specs, will work the first time you install it, and will work for years to come!

### PLCs -CPUs-I/O Modules-Power Supply-Softstart

GE IP, GE Fanuc, Genius I/O, Versamax, Field Control Series Rx3i, Rx7i, 90-30, 90-70 *We are the world's only GE Authorized Distributor and repair facility of Series 90-70!* Allen Bradley SLC 500, PLC-5 and ControlLogix. Siemens S7-400, S7-300, Simatic S5, 405 and 505 Series.

GE -Siemens - Allen-Bradley - Cincinnati Milacron - Gould Modicon - Horner, APG-Omron - Powertec - Reliance Sola/Hevi-Duty - Square D - Texas Instruments

### HMIs - Monitors - Industrial PCs Teach Pendants - CNC

# MINDS OVER MACHINES

## REPAIRS

- State of the art facility with the latest testing, equipment and repair technology.
- RUSH repair service. You call, we ship!
- Complete failure-repair analysis.
- If unit is unrepairable, we offer pre-repaired/remanufactured units when available.
- IPC – certified repair technicians 
- Repair turnaround time is days, not weeks.

## SUPPORT

- 24/7 technical and product phone support.
- On-site technical support. National & International. Our Technicians and Engineers come to you!
- Our technicians have years of on-hands experience to answer and trouble shoot your automation questions: 1.800.784.9835.
- Programming, experienced in obsolete and end-of-life upgrades.
- Complete library of manuals, support documents, programming software and other support tools.

## SERVICES

- **Automation Risk Assessment:** Avoiding costly downtime! Ask about this valuable on-site service to minimize risk, inventory systems, a provide program back-ups.
- **PLC Migration & Conversion Services:** Our Team provides Step by Step Guideline for seamless, cost effective and professionally performed system migrations.
- **Automation Engineering Services:** Turn-Key projects, system applications and industrial engineer consulting programs to improve manufacturing processes and streamline production systems.
